22 Years of Trusted Smiles

The trust patients place in Dr. Ramirez is demonstrated in Brenda's experience. A model and comedian, she had her first visit with Dr. Ramirez over 22 years ago for replacement of cosmetic bonding that had failed to hide her tetracycline stained teeth.

While Dr. Ramirez's restorative efforts greatly improved Brenda's smile in 1988, dentistry has advanced.

A year ago Brenda emailed Dr. Ramirez. She loved her teeth for many years, but was noticing how other people's teeth were getting whiter. Brenda was in the process of finding a dentist to update her crowns.

Dr. Ramirez offered to help her select a dentist near her home.

"I didn't hear from her again until this summer, when she decided to come to Florida for a 'newer' look," said Dr. Ramirez.

A Smile Worth Many Miles

Brenda, returned to Boca Raton from Maine. She had a consultation and two other visits with Dr. Ramirez to complete her treatment.

Later, Brenda sent a praise filled email about how happy she was with her new smile...

"Thanks for all your hard work and attention to detail. I received the photos, and just as in real life, my teeth are beautiful and natural-looking. I love to look in the mirror and smile."

Optimally Informed ~ The Choice is Yours

A decision is made to move ahead only when everything is understood. For Brenda, it meant renewing her smile.

"I was able to see right away how I would treat her smile," Dr. Ramirez said. *"I knew I would be able to design a more natural and complementary smile for her."*

ClearCorrect™ invisible 'braces' are the 'clear and simple' way to go.

ClearCorrect

Using a series of clear plastic aligners – no metal wires or brackets – ClearCorrect™ gradually adjusts your teeth toward a beautiful result. Ask Dr. Ramirez about this exciting new way to even things up with your smile!

Time For Healthier and Happier Smiles

Putting off your new smile? Consider:

- At our complimentary consultations, our focus is on you...
- *"A new patient of ours recently walked out of another office because no one there really listened"* said Dr. Ramirez. *"They 'pushed' implants, which the patient didn't want. When inquiring about our services, we'll work on the best solution for you."*
- A patient of ours waited 10 years before they were ready. *"She was afraid. But her treatment was done about the same time as Brenda's, and she's very happy with her healthier, new smile."*

*The patient and any other person responsible for payment has a right to refuse to pay, cancel payment, or be reimbursed for any other service, examination, or treatment that is performed as a result of and within 72 hours of responding to the advertisement for the free, discounted fee, or reduced fee service, examination, or treatment.
